COMMISSIONERS BLAMED FOR FAMILY'S SUFFERING

According to Assistant City Physician Samuel G. Paul, the family of James L. Blowers, of 355 Fifth avenue, is in destitute circumstances, and, although the county commissioners have been notified, but little had been done to relieve the situation.

About two weeks ago Mrs. Blowers was attacked by smallpox, and under the orders of Dr. Paul the house was quarantined. The family having no means of support except that supplied by James Blowers, the father and husband, who is a miner, the county commissioners were at once acquainted with the circumstances.

Besides the sick wife, a child is ill with typhoid fever. A few days after the warning flag was hung from the residence James Blowers broke quarantine, appeared at the health department and declared his family was sick and facing starvation.

The health department immediately communicated with the county commissioners, laying the facts before them. Although the house has been under quarantine for about two weeks, it is said that but \$9 worth of provisions has been delivered to the family of ten persons.

HERNDON CASE AGAIN BEFORE JUDGE RITCHIE

Judge Ritchie listened to arguments Saturday morning in regard to an extension of time to file a bill of exceptions in the case of Henderson against Salt Lake City, asked for by Assistant District Attorney H. J. Dimmy.

In the affidavit of Mr. Dimmy, filed several days ago, charges of unprofessional conduct were made against Attorney James Ingelbrecht, who represents the plaintiff, because, according to the affidavit, Ingelbrecht had promised to extend the time for the filing of the bill. At the hearing Saturday, Attorney A. L. Hoppaugh appeared on behalf of Attorney James Ingelbrecht and the plaintiff.

Judge Ritchie announced, after hearing arguments, that he would take the matter under advisement.

SUNDAY IN THE CANYON ADVICE OF ORACLE

Prospect for Week Also Good for Continued Pleasant Weather.

"The weather map looks good to me," said the man in charge of the local bureau, "and I can see nothing but fair skies and sunshine for Sunday. There is a high pressure area around the vicinity of Vancouver which will tend to drive away all clouds and give us an ideal Sabbath."

These things are, no doubt, the result of the recent election here. It has been pleasant all the week since Tuesday, and the weather prophet holds forth no fears for any change, for the present at least. In fact, the weather man's advice was: "Take a day off and go up the canyon and have a good time. That sounds like good advice, especially as he follows it himself and takes a vacation over Sunday. The weather machinery works just the same under the guidance of the office boy. Still, he doubtless needs a rest; the eccentricities of the nebular regions are harder to manage than a young ladies' finishing school or a kindergarten, and the man who essays the task is bound to have his hands full. Besides, Monday is wash-day anyway, and a little dampness often helps out the 'once a week.' But Zion has been good to live in for several days. 'Just enjoy it,' and Sunday will be just as good, probably."

The following is the official report of the local office of the weather bureau for the twenty-four hours ending at 6 p. m. Saturday:

Maximum temperature, 54 degrees; minimum temperature, 35 degrees; mean temperature, 45 degrees, which is 2 degrees above normal. Accumulated excess of temperature since the first of the month, 22 degrees. Accumulated excess of precipitation since January 1, 1.25 inches. Relative humidity, 44 per cent. Total precipitation from 6 p. m. to 6 p. m. none.

Accumulated deficiency of precipitation since the first of the month, 43 inches. Accumulated excess of precipitation since January 1, 5.64 inches. Local forecast for Salt Lake City and vicinity: Fair Sunday.

Weather Conditions.

The high barometric pressure over the north plateau has increased in intensity, causing fair weather over most of the country, in conjunction with a high pressure area over the east Gulf States. Low pressure was central over the upper Lake region and south Pacific coast, attended by showers over portions of Arizona, California, Texas, Illinois, Michigan, Pennsylvania, New York, Minnesota and the Dakotas. Freezing temperature occurred over portions of the middle and upper Mississippi valley.

WEEK OF PRAYER WILL BEGIN SUNDAY NIGHT

Services and Lectures Each Afternoon and Evening in Library.

The "week of prayer" observed throughout the world each year in November by the Young Women's Christian Association has now become so generally recognized as an important feature in the development of each local association as to be much anticipated.

The week set apart this year is November 10-17. The local association will observe this week with appropriate services each evening at 7 o'clock, and Sunday vesper service at 5:30 o'clock, in the library of the boarding home, 255 South Second East.

Tuesday evening, Mrs. C. J. McNitt will tell of the work abroad. Wednesday evening, Mrs. J. R. Bowdle will speak of what she saw of association work in some of our Eastern cities this fall.

All women are cordially invited to attend the meetings. They are not to last more than fifteen or twenty minutes.
